

SUPER FOOD BEAUTY RANGE

PEEL-OFF POWDER MASKS

rich in essential nutrients and phytonutrients.

Nourish your skin Beautifully

Our skin protects us from a wide range of external stress factors and must be «WELL NOURISHED» to function on an optimal level.

Some **MACRONUTRIENTS**, particularly LIPIDS that play a role in the barrier function and certain **MICRONUTRIENTS**, VITAMINS and TRACE ELEMENTS involved in cellular multiplication mechanisms as antioxidants, slow down the skin aging process.

The inspiration behind the Peel-Off Powder masks from the Superfood Beauty Line stems from the success of the nutritional benefits of Superfood, which help to preserve and maintain the skin's resplendent beauty.

SUPER FOOD BEAUTY POWDER RANGE

MASK PEEL-OFF POWDER SUPER FOOD «ENERGY & ANTI-AGING»
